## PROFILE

I am a college student interested in engineering and full-stack web development. I taught myself how to code when I was eight and am always interested in expanding my professional skill set.

## EXPERIENCE

**APPRENTICE OPTICIAN**
**Warby Parker // Boston, MA // June 2023 to Present**
I validate, take measurements, and sell glasses to customers for Warby Parker. I always greeted customers in a friendly and professional manner. I also handled customer complaints calmly and professionally, resolving customer issues in a timely manner.

**INTERN**
**Titan Advanced Energy Solutions // Salem, MA // May 2023**
During this month-long internship, I assisted the team in the labs at Titan and wrote software to help with ultrasound analysis. I helped the team research and develop new technology in the electric vehicle industry.

**TEACHING ASSISTANT**
**Weston Public Schools // Weston, MA // October 2022 to May 2023**
During my senior year I assisted the engineering teacher in creating curriculum and running classes at Weston Middle School. I did maintenance work on the tools in the workshop such as the laser cutter, 3d printers, and other tools. I Provided one-on-one assistance to students, resulting in improved academic performance and developed and implemented student-led projects that promoted critical thinking and collaboration.

**SOFTWARE ENGINEER AND TECHNICAL SUPPORT**
**Freelance // Boston, MA // March 2019 to Present**
I offered technical support and software development services
to clients. Below are some examples of the services I offered.

- Installing and configuring various software applications
  and services to support the organization's needs.
- Building custom computers
- Installing Wi-Fi systems
- Data backup services

EDUCATION

**BACHELOR OF SCIENCE**
**COMPUTER ENGINEERING AND COMPUTER SCIENCE**
**Northeastern University // Boston, MA // 2023 to Present**

**DIPLOMA**
**Weston High School // Weston, MA // 2019 to 2023**
